

HONORS PROGRAM

The Honors Program promotes excellence in learning, academic achievement, leadership, and community commitment. Students are encouraged to advance their knowledge through innovative and creative projects. Emphasizing service learning and community connections, the program promotes social responsibility. Educational skills are developed to empower students throughout their lifetimes. Opportunities are provided for cultural enrichment, educational enjoyment, and personal growth for the entire campus.

ELIGIBILITY:

The Honors Program is open to recent high school graduates, continuing students and returning adults who meet the academic requirements:

- ☞ Recent high school graduates:
 - top 15% high school ranking or appropriate scores on all three placement tests
- ☞ Continuing students and returning adults:
 - cumulative GPA of 3.25 and 12 completed MCCCDC credits

PROGRAM REQUIREMENTS:

The Honors Program offers a series of specially designed courses during the regular fall and spring semesters for transfer and two-year students. These classes foster greater depth of thought in reading, writing, and discussion to better prepare Honors students to complete baccalaureate degrees or to begin their careers.

Honors students are expected to enroll in at least one Honors course per semester (excluding summer), to carry a minimum of three credit hours for tuition waivers and twelve credit hours for Presidents' Scholarships.

It is highly recommended that all students who receive a Presidents' Scholarship enroll in HUM190 within their first two semesters.

SCHOLARSHIPS:

- ☞ **PRESIDENTS' SCHOLARSHIP** (for recent high school graduates)
 - full-time tuition (up to 15 credit hours)
 - registration fee
 - up to four consecutive semesters
- ☞ **HONORS FEE WAIVER** (for continuing students and returning adults)
 - \$81-\$325 per semester
 - based on credit hours of enrollment
- ☞ **SELECTED SCHOLARSHIPS**
 - Chancellor's
 - Foundation
 - Betty Hedin Elsnor

BENEFITS & OPPORTUNITIES:

Scholarships, Honors designation on transcripts, recognition programs, special guidance and counseling, Honors Forum events, cultural opportunities, Honors Forum Speaker Series, retreat in Prescott, AZ, Honors Program graduate, and much more!

CENTER FOR INTERNATIONAL STUDIES

The Center for International Studies at PVCC provides students with the opportunity to broaden their educational experience to include the countries of the Pacific Rim, both Asia and Latin America, that are affecting life in Arizona.

Both international and intercultural perspectives are integrated into a variety of disciplines. This infusion ensures that students develop the knowledge, skills, attitudes, and values necessary for success in a changing, multicultural world.

Within the Center for International Studies, courses fall under three options:

- 1) International Studies Academic Certificates
- 2) International Business Programs
- 3) International Studies Courses

INTERNATIONAL STUDIES ACADEMIC CERTIFICATES

The Academic Certificates in International Studies, Asia or Latin America, are designed to provide 1) a foundation in general education courses relevant to international studies; 2) a specialization in international education for teaching faculty; 3) a foundation in either Asian or Latin American studies courses for people in gov't agencies or in local business and industries with international interests in Asia or Latin America; and 4) a wide offering of Asian or Latin American studies courses for more meaningful experiences for international travelers.

INTERNATIONAL BUSINESS PROGRAMS

Rapid expansion of international business motivates companies to seek out opportunities originating beyond U.S. borders. As the world economy becomes increasingly integrated, the international businessperson is more important than ever. As part of PVCC's General Business AAS degree, with a specialization area in international business, this curriculum prepares future managers to understand and function in the global economy of the increasingly borderless world. The Certificate of Completion in International Business prepares students for careers in or advancement within international business and related professions.

Please contact an Advisor to assist you in your course selections.

INTERNATIONAL STUDIES COURSES

International Studies courses are either a specialized International Studies course (as indicated by its title) or a traditional course that has been infused with International Studies content. For example, ARH210: Asian Art and ARH217: Mexican Art History are specialized, more detailed courses focused on particular subjects that are International Studies in nature; whereas ARH101 (Prehistoric thru Gothic Art) and ARH102 (Renaissance thru Contemp. Art) are traditional courses that now contain modules providing students the opportunity to study not only the "Western" tradition, but also traditions associated with India and its sphere of influence in south and southeast Asia, and with China and its traditional sphere of influence in Korea and Japan. Courses with International Studies content can be found in the class schedules under the following headings:

- | | |
|---------------------------|---------------------------|
| Anthropology (ASB / ASM) | Humanities (HUM) |
| Art Humanities (ARH) | Int'l Business (IBS) |
| Biology (BIO) | Japanese (JPN) |
| Business (GBS) | Journalism (JRN) |
| Ceramics (ART) | Mass Communictn (MCO) |
| Communication (COM) | Music History & Lit (MHL) |
| Computer Info. Syst (CIS) | Philosophy (PHI) |
| Dance (DAH / DAN) | Physical Education (PED) |
| Economics (ECN) | Political Science (POS) |
| Education (EDU) | Psychology (PSY) |
| Emerg. Med. Tech. (EMT) | Religion (RLG) |
| English (ENG) | Social Work (SWU) |
| English Humanities (ENH) | Sociology (SOC) |
| Exercise Science (EXS) | Spanish (SPA) |
| French (FRE) | Spanish Humanities (SPH) |
| Geography (GCU / GPH) | Theatre Arts (THE) |
| Geology (GLG) | Wellness (WED) |
| German (GER) | Women's Studies (WST) |
| History (HIS) | |

MIDWESTERN UNIVERSITY

COLLEGE OF PHARMACY

If you are interested in transferring and working toward a degree in medicine, pharmacy, biomedical sciences, or other health sciences area, please contact:

PVCC's CHEMISTRY FACULTY:

Dr. Hank Mancini 602.787-6642
Dr. Scott Massey 602.787.6644
Dr. Lynn Lalko 602.787.6640
Dr. Satinder Bains 602.787.6586

Or visit the Science Division's website:

hank.mancini@pvmail.maricopa.edu

Phone: 602.787.6642

NAU AT PVCC ACTUARIAL SCIENCE

Start your career toward Actuarial Science with a joint program at Paradise Valley Community College and Northern Arizona University. An Actuary is a mathematician dealing with probabilities in insurance and finance.

Why be an Actuary?

- Job stability & increasing job demand
- \$40,000 possible starting salary

Dr. Stephen Nicoloff, Mathematics Division Chair
Phone: 602.787.6676
Email: stephen.nicoloff@pvmail.maricopa.edu

John Hagood, Dept. of Math & Statistics
NAU: 928.523.6879 john.hagood@nau.edu

NAU's 3+1=

NAU's flexible B.A. and B.S. in Interdisciplinary Studies offers you an opportunity to design a plan of study (in consultation with an advisor) to meet your individualized educational needs. This program offers an emphasis in Public Management.

This degree is appropriate if you plan to enter an occupation which requires a broad general education, if you want to work within a local, state, or federal government agency, are seeking career advancement, or if you are considering a pre-professional plan.

Program Highlights:

- Students complete 90 credits with the community college at the community college tuition rate!
- Only 30 credits are required with NAU and can be completed within 1 year!
- Students can choose between a B.A. or B.S. degree.
- Students only attend class twice a week for a full-time schedule or once a week with a part-time schedule.
- Classes are small and will not exceed 25-30 students.
- On-site advisor to assist you with the admissions process and program completion.

*For more information, contact our office at
602.493.2728 or
paradisevalley@nau.edu.*

NAU @ PVCC

Paradise Valley Community College and NAU have partnered to offer the following bachelor degree programs right here on the PVCC campus:

Bachelor in Business Administration

- Attend full-time or part-time
- Day and evening classes available
- Choose from 3 different emphasis areas:
- Global Management, Management, or Small Business Management

B.S.Ed. in Elementary Education

- Classes held 2 nights per week
- Final semester requires daytime availability for student teaching
- Organized in a cohort (group) model to allow you to move through the program with the same students

B.A./B.S. in Interdisciplinary Studies – Public Management (90/30)

- Complete 90 hours at the community college, only 30 hours with NAU
- Choose between B.A. or B.S. degree
- Attend full-time or part-time

B.S. in Health Sciences – Paramedic Care

- Flexible online curriculum delivery, attend class on your schedule
- Start before, during, or after completing your Associate's degree
- Transfer up to 81 lower division credits

NAU courses are offered on-site, online or via video conference. Programs are designed for working adults. Students do not have to attend the Flagstaff campus to complete any of these degree programs.

*For more information, contact the
NAU – Paradise Valley office at
602.493.2728,
paradisevalley@nau.edu, or
visit us in M-East Building, M-263.*

ALLIANCE

Grow by Degree

Maricopa ASU Pathways Program (MAPP)

The Maricopa Community Colleges and Arizona State University have a strong history of developing collaborations and partnerships to support transfer student success. The Alliance is designed to promote positive and seamless experiences for MCCC students who transfer to ASU.

Both Maricopa and ASU wish to expand the Alliance and create a student-centered “culture of transfer,” accomplished through innovative strategies designed to increase significantly the number of students who complete a community college degree, transfer to and persist at the university, and graduate with a bachelor’s degree.

A key component of the enhanced Alliance is provision of meaningful incentives for students who complete an AGEC and associate’s degree through an articulated degree-to-degree transfer program.

Goals:

- Double the number of Maricopa students transferring to ASU over the next five years
- Double the percentage of Maricopa students transferring to ASU with an associate’s degree
- Increase the rate of Maricopa transfer students earning a bachelor’s degree
- Ensure seamless transition of students between Maricopa and ASU
- Expand opportunities for direct transfer to specified ASU degree programs

Benefits:

- Guaranteed admission to ASU degree programs when a prescribed course sequence, called a MAPP, is followed.
- Tuition incentives such as a cap on tuition increases during enrollment at ASU.
- Specific scholarships available for meritorious MCCC students who complete the appropriate transfer degree.
- Dedicated advisement by ASU Transfer Advisors who hold office hours at the Maricopa Community Colleges

Current Projects:

- Developing 3-tiered merit-based scholarships for students completing AA/AS degree (3.25-3.49, 3.5-3.65, and 3.66+ scholarships available at varying monetary amounts)
- Constructing MAPPs (degree check-sheets with prescribed course sequence) for top 20 majors
- Redesigning website and creating strategy for students to “sign up” for specific MAPP
- Identifying ways to track MAPP students and award appropriate benefits
- Communicating progress to constituencies

For more information, see: www.asu.edu/transfer

Grand Canyon University 3+1 Transfer Degree Programs

Grand Canyon University has transfer partnership Bachelor Degree programs in the following areas:

Bachelor of Science in Biology (3+1)

- Preparation in Basic Biological Sciences, Pre-Veterinary, Pre-Occupational Therapy, Pre-Physical Therapy, Pre-Physician’s Assistant, or Pre-Medicine
- Transfer 84 community college credits of recommended courses
- Complete 36 credits at Grand Canyon College

Bachelor of Science in Business (3+1)

- Preparation in Accounting, Marketing, Business Administration, Business Administration with an Emphasis in Health Care Management, Business Administration with an Emphasis in Information Systems, or Entrepreneurship
- Transfer 84 community college credits of recommended courses including an Associate of Business
- Complete 36 credits at Grand Canyon College
