Glossary of Terms

Academic Advisor: A paraprofessional, or designated individual who has been formally trained to assist students with academic information that will enable them to enroll in the proper classes which will provide them with a reasonable degree of success.

Add/Drop period: A period of time before classes begin when schedule changes are made **without** charge. A penalty may be charged for changes made **after** the start of classes.

AGEC: A 35 semester credit general education program of study that fulfills lower-division general education requirements for students planning to transfer to any Arizona public community college or university and transfers as a block without loss of credits.

Assessment: Also known as placement or Assessment of Skills for Successful Entry and Transfer (ASSET) testing. Assessment is a way of evaluating students' present skills in English, reading and math so students may choose courses that match their skills. Assessment is based on scores on the ASSET course placement test. Scores are used as a guide for proper course placement, which leads to greater success.

Associate Degree: Degree awarded by the community colleges after a student completes a specified number of course requirements and credit hours, generally a minimum of 60-64 semester credits. May be an Associate of Arts (AA) or Transfer Partnership Associate of Arts (AA), designed primarily for transfer to complete a baccalaureate degree; an Associate of Applied Science (AAS), designed primarily to enhance workplace skills and knowledge; or an Associate of General Studies (AGS), designed to fulfill students' goals of higher education. See the degree portion of this catalog for further information.

Associate Transfer Partnership Degree (ATP): The Associate Transfer Partnership Degree (ATP) is designed for students transferring to public and private colleges and universities. This AA degree is specifically developed for students who have an identified major and have selected the baccalaureate degree granting institution to which they intend to transfer.

Audit: When a student pays to attend class but does not want to receive credit. See [Schedule of Classes](#) for information on fees for auditing a course.

Baccalaureate or Bachelor's Degree: A degree awarded by a four-year college or university, often referred to as a B.A. or B.S. degree.
choices@pvc: Distance Learning program for students who desire or need more flexible scheduling options.

Commencement: Also known as graduation. A ceremony during which colleges award certificates of completion and degrees to graduating students.

Continuous Enrollment: The process of registering for and completing courses during consecutive semesters, which may include summer sessions. Determines catalog year for graduation.

Corequisite: Specified conditions, requirements, or courses that must be completed at the same time as another course.

Counselor: A services faculty who has both a teaching and counseling role. Counselors are professionally trained faculty who help students with educational, career, or personal concerns.

Course: A specific subject studied within a limited period of time taught by a faculty member. Also called course offering or class.

Course Fee: A charge for services, supplies, and/or materials for a course, in addition to tuition and registration fees for the course.

Course Number: A three-digit number that identifies a specific course, i.e. the 101 in ENG 101, Freshman English.

Course Title: The name of a specific course, i.e. College Algebra.

Credit Hour: The numerical unit earned for the completion of a specific course. For example, 3 credit hours may be earned for successful completion of PSY101. Also referred to as semester hour or unit.

Curriculum: A planned sequence of courses aimed at an academic or occupational goal; also referred to as a program of study.

Division: A group of faculty who teach classes in related subjects such as accounting, management, and word processing in the Business & Information Technology division.

Electives: Non-required courses that students may select to complete their program of study.

Faculty: Instructors who meet specific qualifications to teach courses.

Glossary of Terms

Final Exams: Tests or exercises given at the end of a term that are often comprehensive; that is, they may include all material covered during the semester. The schedule of final exam dates and times for each term is included in the schedule of classes.

Fiscal Office: Also known as the Cashier's Office. Students may pay tuition and fees, course fees and other encumbrances owed the college at the Fiscal Office.

FlexExpress: Distance Learning courses in which students attend classes a limited number of times. Students are required to attend class sessions and complete the course according to the dates listed under each course in the schedule. Instructors will provide learning activity packets which include additional assignments to be completed outside the class by the specified due date.

Grade Points: The numerical value of a grade multiplied by the credit hours for a course. (A = 4 pts.; B = 3 pts.; C = 2 pts.; D = 1 pt.). For example: If a student earns an A in ENG 101, (3 credit hours), then the student earns 12 points. $A = 4 \text{ points} \times 3 \text{ (credit hours)} = 12 \text{ points}$.

Grade Point Average: Determined by dividing the total number of grade points earned by the total number of semester hours earned. For example, 45 grade points divided by 15 credit hours earned = 3.0 GPA.

Guided Independent Learning (GIL): Distance Learning courses in which students must enroll in and start by the enrollment deadline (enrollment is limited). Instructor provides course materials to guide the learning pace, establish due dates and exam dates.

Hybrid: Hybrid blends face-to-face (in person) instruction in a classroom with online learning. It is convenient for you and your schedule because you spend approximately half the time in a regularly scheduled class with your instructor and the rest of the time online. It is designed for highly motivated, self-disciplined, technology-literate students. It requires reliable web and e-mail access for communication and assignments outside of the classroom.

Load: The total number of credit hours taken in one semester. Also called academic load.

Lower Division: Normally freshman and sophomore level courses offered by a college. Community colleges offer only lower division courses while four-year institutions offer both lower and upper division (junior and senior) courses.

Major: An area of concentrated study often for a specific degree such as Journalism or Engineering.

Official Absence: Absence approved by Dean of Learning for official participation in a college activity.

Online (www2.pvc.maricopa.edu/online): Distance Learning courses administered via the Internet. Students must have access to a computer with an Internet connection either at home or the office. Students must enroll in and start by the enrollment deadline (enrollment is limited).

Open Entry Online: Distance Learning courses in which students may enter at any time during the open enrollment period, work through at their own pace and exit during the semester when the course requirements have been met.

Pass/No Credit: An option for class registration in which students choose to receive a grade of Pass or No Credit in lieu of a letter grade (A,B,C,D,F). Students can earn credits toward graduation by passing these courses but the grades will not count in their GPA. It is best to check with an advisor to make sure that a grade of "Pass" will transfer to another college or university. "No Credit" will not transfer.

Period: One period is equivalent to 50 minutes per week.

Placement Test: See Assessment.

Prerequisite: Specified conditions or classes which must be completed prior to enrolling in certain classes. For example, ENG 102 has a prerequisite of ENG 101.

Probation: A warning that a student is not in good academic standing. May be accompanied by restricted credit hour enrollment.

Registration: Actual enrollment of a student into specific courses after the student has been admitted to the college and has received academic advisement.

Glossary of Terms

Required Course: A course that is needed to meet certain goals or to complete a certain curriculum. For example, AJS 103 is a required course in the Administration of Justice curriculum.

Scholastic Suspension: Not being allowed to enroll in the college for one semester. This is caused by not maintaining the minimum required GPA for two consecutive semesters.

Section Number: A four-digit number used to identify each class of each subject offered. Each class has a different section number such as MAT 122, section 2123 and MAT 122, section 2124.

Subject Code : The three-letter abbreviation used to identify a particular subject such as MAT for mathematics or SOC for sociology. It appears before the course number.

Syllabus: One or more pages of course requirements that instructors give to students on the first day of class. The syllabus may include detailed information about a course, such as an instructor's grading system, attendance policies, and testing and assignment dates.

Transcript: An official record of a student's college coursework that is maintained by the college registrar. Courses taken, grades, credits, GPA, and graduation information are included on a transcript.

Transfer Credit: Course credit that is accepted by another college.

Tuition and Fees: The cost per semester credit unit that students must pay for their college courses. Tuition and fees are determined by the Maricopa County Community Colleges Governing Board.

Withdrawal: Officially withdrawing from any or all courses during a semester. Students withdrawing from one or more courses must notify the Admissions, Records and Registration Office in writing and request that they be officially withdrawn. Refunds are based on the refund schedule/policy set forth in the catalog.
