How To...
Circle Into Square

Materials
Paper
Tape
Scissors

Procedure

1. Cut two strips of paper of equal length
2. Form one of the strips into a circle, and tape it closed.
3. Loop the second strip through the circle and tape it closed. (Like a paper chain)
4. Tape the two circles together. Make sure that you tape both sides.
5. Cut one circle in half lengthwise. You should have two circles connected by a strip.
6. Cut the remaining strip down the middles.
7. Now you’ve turned your two circles into a square!
