How To...

Glow In The Dark Slime

Materials

- 8 oz white glue
- 3 cups water
- 2 Tsp Borax
- 1 Tsp glow in the dark paint
- 2 mixing bowls

Procedure

1. Combine glue, 1 cup of water, and glow in the dark paint in a bowl
2. Mix Borax and 2 cups of water until Borax is completely dissolved
3. Combine glue mixture with Borax mixture
4. Stir slowly until slimy consistency forms
