How To...
Dry Ice Sorbet

Materials

- Dry ice
- Sorbet base, chilled
- Large ziploc bag
- Gloves
- Hammer
- Stand mixer
- Dish towel

Procedure

1. Place dry ice in ziploc bag
2. With bag partially open, cover with a dish towel
3. Use meat mallet to crush dry ice into small chunks
4. Pour sorbet base into bowl of stand mixer
5. Turn mixer on medium-low speed
6. Gradually add the dry ice to the sorbet base
7. Stop adding the dry ice as the sorbet freezes
10. Churn sorbet for an additional 2-3 minutes
11. Let sorbet sit for 5-10 minutes to allow excess carbon dioxide to dissipate
12. Serve or freeze in an airtight container
