How To...
Exploding Chocolate

Materials

10 oz chocolate, chopped
4 Tbsp butter
1 cup carbonated candy
Baking sheet
Silicone baking mat
Microwave
Microwave-safe bowl
Spoon

Procedure

1. Line baking sheet with silicone mat
2. Combine chocolate and butter in microwave-safe bowl
3. Heat chocolate mixture on high for 30 seconds
4. Stir mixture
5. Continue heating for 15-second intervals and stirring until chocolate is just melted
6. Fold the carbonated candy into chocolate mixture
7. Spread chocolate mixture evenly across prepared baking sheet
8. Let sit at room temperature until chocolate is set (1-2 hours)
