How To...
Leather Stamping

Materials

Leather
Water
Bowl
Sponge
Jewelry Mallet
Stamps

Procedure

1. Use a damp sponge to lightly wet the leather.

2. Let the leather sit for a minute, until it is mostly dry.

3. Position the stamp on the leather.

4. Use the mallet to give the stamp a sharp tap.

5. Lift the stamp and you should see the impression of the letter on the leather!

6. If the stamp did not leave a clear impression, you may need to tap harder or more than once.
