## THE THEATRE PROGRAM AT PVCC

Whether your goal is to pursue Theatre as a career, or simply to develop your talents both backstage and onstage, PVCC can offer you an enriching experience and prepare you for careers in the field of Theatre with an Associate in Arts, Fine Arts - Theatre.

Students interested in Theatre can pursue many career opportunities including acting for both stage and film, directing, designing (set, lights, props, costumes, makeup), and stage management. Some careers require an undergraduate degree for entry level positions, but most will need appropriate postgraduate degrees, certifications, specific skills and/or experience. The Associate in Arts, Fine Arts - Theatre provides a great foundation for pursuing additional education in your field, as well as an opportunity to study what you love.

Students with specific career goals should meet with a Theatre advisor for detailed information about the requirements unique to their chosen fields.
