8) After the account is created, it is automatically linked to Paradise Valley's license. You should receive a confirmation message that looks like the following screenshot. You may now choose to download and install a copy of MATLAB on your computer, or log into [MATLAB Online](#).

The screenshot shows the MathWorks License Center interface. At the top left is the MathWorks logo. On the right, there is a 'Get MATLAB' button and a user profile icon. Below the header is a dark blue bar with the text 'License Center'. Underneath, there are navigation links for 'Licenses', 'Trials', and 'Prereleases', and a 'Contact support' link with a phone icon. A green notification box contains a checkmark and the text: 'License 40918165 is now linked to your MathWorks Account.' Below this is a section titled 'Install and Activate Software on a Computer' with two steps: 'STEP 1: Download the installer to the computer you want to activate.' and 'STEP 2: While connected to the Internet, run the installer to download your product files and activate.' A 'Download Installer' button is located at the bottom right of this section. To the right of the installation steps are two sections: 'HELPFUL RESOURCES' with links to 'View this license in the License Center.', 'Manage your account information and your software in My Account.', 'Read up on installation and activation for users or troubleshoot issues on the support page.', and 'Use MATLAB Academy to learn the basics and get started.'; and 'ACCESS MATLAB ON THE WEB' with a link '» Use MATLAB Online'.
